PARTNER EXCLUSIVE VIP LOUNGE

We have an interactive web shop, V.I.P Lounge. After you purchase the start pack and sign the agreement, we will create your Login credentials for the V.I.P Lounge. With V.I.P Lounge you don't need to stock products with you in order to sell them as you can easily order them instantly get the Unit ID's. You can also create Demo Keys for your customers so that they can evaluate the product before purchasing.

Benefits of VIP lounge

<p>Create Demo Units</p>	<p>Create Trial licence of our various products Free of cost using which your clients can evaluate the products by installing and using the full feature product for a limited around of time. You can choose to give then a 10 days or 20 days Trial license. You can easily extend the trial license as well so that the customer gets enough time to evaluate the license.</p>
<p>Manage sales, Track orders</p>	<p>Get notified once a Paid License or Demo License is close to expiration date so that you can contact the client to get it renewed in time.</p>
<p>No need to keep Stock</p>	<p>VIP Lounge lets you generate Unit ID for any software products as and when you want it. A unit ID is all you need to make a product functional. It greatly reduces the tension that one has to bear in order to stock products</p>
<p>Access loads of Sales Materials</p>	<p>VIP Lounge has loads of Sales Materials like Datasheets, Brochures, Schematics, Comparison reports, Presentations which you can easily download and use the same for getting more sales.</p>

BENEFITS WITH SECPOINT

 <p>Dedicated Live Chat support</p>	<p>We provide 24/7 Live Chat support for any issues or technical questions that you may have. Simply visit www.secpoint.com and click on Live Chat icon and our friendly Live Chat Support Representatives will take care of the rest.</p>
 <p>Continuous Development</p>	<p>We put a lot of effort on continuous development for all of our Products and provide Free of Cost Upgrades with solutions to the latest threats. We regularly launch firmware updates with new features and tools which are very important to ensure continuous protection, without any additional charges. <i>Please check the change log for details on how fast we are on terms of development (Protector Change Log) (Penetrator Change Log)</i></p>
<p>....> Zero Complexity</p>	<p>With SecPoint's 'No Hidden Cost Policy' customers get the convenience of obtaining the solution they need at no extra cost, whatsoever. Products come with many features but clients don't need to pay separately for them.</p>
 <p>Zero Inventories, Even for Hardware!</p>	<p>Our interactive webshop, VIP Lounge lets you create unit ID's for any Product in seconds. So you never have to keep any inventories. For Hardware orders, you have the option of purchasing an Appliance locally and will help with setting up and configure and product on it. So you never have to wait for shipping again.</p>
 <p>Ease of Use</p>	<p>SecPoint products are highly customisable and offer unmatched ease of use and it comes to added advantages such as free Firmware updates, free Live Chat Support (seven days a week) which ensures minimum effort from the customer's side and offers unmatched customisation and ease of use.</p>
 <p>History</p>	<p>SecPoint first designed Penetrator in 2003, Protector UTM in 2005 and Portable Penetrator in 2007. Since then, there has been continual development across all three variations with many firmware updates offering new and exciting features.</p> <p>SecPoint has been operating globally since 1999 and is headquartered in Copenhagen, Denmark. It has been delivering high-end security products to customers worldwide, via SecPoint partners across the globe.</p> <p>SecPoint was founded in 1998 and has 13 Years of continuous development on its Products. It is the most competitive company in the IT Security field with a wide range of products, including UTM's, Pen-Testing and Cloud Services, offering easy to use solutions for every IT security need.</p>
 <p>Offices</p>	<p>SecPoint has offices in Denmark, Netherlands, Greece and hundreds of Resellers and Authorized Distributors around the globe. It provides a dedicated company account manager to all partners so they receive personalised assistance regarding any doubts or questions, as well as training and sales material to ensure best returns for them.</p>
